

This summer take your tap water to go

The Municipal Tap Water Providers bring you the water wagon – a mobile drinking water station.

Bring your refillable, reusable water bottle with you to select outdoor community events taking place across Waterloo Region this summer and **FILL IT** up with tap water.

Visit www.waterontap.ca to find out where the water wagon will be this summer!

When you see this symbol, **BRING IT! FILL IT! DRINK IT!**
